

ST VIVEKANAND PUBLIC SCHOOL SADABAD Annual Pedagogical Plan forLeading Learning

District	•	HATHRAS
State	•	UTTAR PRADESH
Affiliation/UDISE Number	•	2130819/ 09130600161

- Academic Session : 2021-22
- Principal's Name : DR JAGDISH SHARMA

Committee Members of the Annual Pedagogical Plan

Sl. No	Name	Designation
1.	DR JAGDISH SHARMA	Principal
2.	Mr. Rajesh	PGT/ coordinator
3.	Mr. Desh Deepak Sharma	PGT
4.	Mr. Sandeep Sharma	PGT
5.	Mrs. Meeta Jain	PGT
6.	Mrs. Shalini Srivastav	TGT
7.	Mr. Shiv Narayan Sharma	TGT/ coordinator

VISION STATEMENT OF THE SCHOOL:

To recognize and to bring forth the hidden potentialities of our students for an all-round development of their personality.

Reviews of the Vision of the School:

- Innovation is given primary importance and is practiced by encouraging students to participate in various competitions.
- All round development of personality is being given more importance by encouraging them to participate in sports, arts,literary works, drawings etc.

MISSION STATEMENT:

To promote and nourish as wide a range of capacities and leadership skills, to foster critical thinking, creative ability and to develop moral and spiritual values, to become active, responsible, productive and empathetic citizens of the society.

Reviews of the Mission of the School:

- Rose week is observed every year wherein a contribution of students is handed over to the orphanages, old - age homes, cancer patients or the needy of the vicinity of the school.
- Value education is mandatorily incorporated with the school syllabus. Separate books class - wise have been selected for it.
- ➤ Value based stories are narrated by students/teachers during the school assemblies and all the values are highlighted.
- To empower the students creative /critical ability all the students of the school have an access to the Atal Tinkering Lab and incorporated in the school syllabus.

Strength of the School:

- Collaborative work culture amongst faculty
- . Well-equipped labs.
- Good ambience and peaceful environment.
- Good transport connectivity.
- Cordial relationship with the stakeholders
- · Good understanding and co- operation amongst staff.
- . Availability of potable tap water
- Good interpersonal relation.
- Good parent teacher rapport.
- Surveillance with CCTV in each class Room, Labs etc.

Weakness of the school:

- Change of mindset.
- More encouragement to staff to be innovative.
- **Better utilisation of Labs.**
- Continuous & comprehensive professional learning is occasionally practiced.
- > Motivation is required to practice new innovative pedagogies.

Opportunities:

- Professional Upgradation is a continuous process in the school.
- Abilities of teaching faculty is strengthen through vigorous training programmes.
- Freedom to carry out innovative ideas are encouraged and appreciated.
- **Students get opportunities to innovate.**

Threats:

- Time Management.
- Completion of syllabus
- Adjustments in switching over from online to offline and vice versa.
- Adjustment in switch over from existing assessment pattern to the new pattern due to the pandemic.
- Weak foundation of the students due to online classes in the previous academic year, is a big threat and challenge.

	DESCRIPT	OR 1: Engaging in Te	achers' Professional D	evelopment	
STEP 1	STEP 2		EP 3	STEP 4	STEP 5
Where are we now as a school?	What do we need to do in the coming year?	How will we achieve what we want to do?	Who is responsible?	What is the time line for implementation?	What will the impact look like?
Actionable 1: Organisation of virtual and offline trainings, workshops and webinars based on identified schools needs in collaboration with dirrent institutions. Actionable 2: Engage in a dialogue with individual teachers to identify needs and the way ahead. Actionable 3: Establish subject- wise committees of teachers for feedback on current knowledge and skills. Also identify specific needs of teachers. Actionable 4: The teacher attending the workshops to share the inputs with the rest of the teaching faculty.	To encourage teachers to enroll for online workshops to improve day-to-day ways of working that involves professional learning and constructivist pedagogy.	Teachers will be encouraged to learn new digital techniques. Teachers will be encouraged to prepare rubrics for the assessment. Teachers will be encouraged to attend the CBSE course regularly to know more about NEP2020. Modify rubrics based on usage and need.	Principal Vice Principal Co-Ordinator	Final draft 1 st Dec 2021 to 15 th Jan 2022. Implementation: 16 th Jan 2022.	Teachers will be able to implement NEP2020 effectively. All teachers will use rubrics to determine the attainment of learning outcomes.

DESCRIPTOR 2: Initia	ating Innovations i	n schools.			
STEP 1	STEP 2	STEP 3		STEP 4	STEP 5
Where are we now as a school?	What do we need to do in the coming year?	How will we achieve what we want to do?	Who is responsible?	What is the time line for implementation?	What will the impact look like?
Actionable 1: Our fully equipped Lab has a full time Lab Incharge coordinator. We also have a mentor appointed from Engineering faculty. Actionable 2: Ensure that it is working efficiently and have regular mentor -teacher meetings. Actionable 3: Provide opportunities for students to work on projects dealing with real world problems through design thinking for innovation in the real situation. Actionable 4: To go on field trip to understand the local problems and take it as a theme for their upcoming projects.	We need to promote a positive mindset where failure is seen as a stepping stone to success. We need to develop a professional learning community for sharing ideas and innovations.	Challenge teachers to try innovative pedagogies and provide opportunities to reflect on their experience. Showcase the innovations in the websites, local newspaper, other mass media sources. Encourage parents to appreciate and co-operate with their children and school. To provide incentives and show appreciation by giving away certificates, cash prize etc. Providing opportunities like genius hour, coding hour, STEM lab etc. Encourage and support teachers to try out new ideas. To provide students and teachers a big platform by conducting seminars, workshops, exhibitions etc.	School head Subject teachers Mentors Concerned Education Officer Lab Coordinator.	To be completed in quarter 1: 1 st June 2021 to 1 st Aug 2021 review, reflection and modification from 2 nd August to 30 th Aug 2021. Final draft 1 st Aug to 30 th Sept 2021. Implementation : Nov 1 st 2021.	The Lab will function 90% to articulate the problems that have been in the society. It will inspire students to develop new ideas for the projects . A minimum of 5 innovative ideas to be sent for each of the competitions organized by Taluk, District, State, Regional, National levels.

STEP 1	STEP 2	STEP 3		STEP 4	STEP 5
Where are we now as a school?	What do we need to do in the coming year?	How will be achieve what we want to do?	Who is responsible?	What is the time line for implementation?	What will the impact look like?
Actionable 1: Create a common understanding that the purpose of teaching learning is to make students future ready. Actionable 2: Encourage teachers to have a better understanding of what is an effective teaching learning process in the classroom. Actionable 3: To share the good academic practices of the Hub schools with the faculty of the school for overall improvement of the teaching learning process. Actionable 4: Co- construct mechanisms with teachers that would help evaluate classroom practices.	We have planned exchange programs for teachers and support teachers to undertake innovative and research based pedagogical practices to improve student learning.	Guide teachers on how to establish their SMART goals. To have exchange programs with HUB schools. Actively participate in online seminars with our School HOL partners.	Principal Examination incharge, Coordinators	Final draft 1 st Dec 2021 to 15 th Jan 2022. Implementation: 16 th Jan 2022.	Few of our teachers will visit. Hub schools and learn some good practices. Best practices of those schools will be followed. Two of our teachers will have online discussion with real virtual to learn their teaching learning process. New shared methods of pedagogy will bring a total positive change

DESCRIPTOR4: Dev	eloping a learning Cult	ure			
Step 1	Step 2	Step 3		Step 4	Step 5
Where are we now as a school?	What do we need to do in the coming year?	How will we achieve what we want to do?	Who is responsible?	What is the timeline for	What will be the impact look like?
Actionable 1: We create opportunities for staff and students well being. Actionable 2: We establish an open door policy and transparent communication amongst stakeholders. Actionable 3: Efforts are taken to develop pre- vocational and vocational skills and physical education through an integrated curriculum. Actionable 4: To invite speakers on talks related to joyful learning, managing stress and on creating an atmosphere of 'No Anger' to improve the quality of learning.	We need to provide challenging opportunities for students to imbibe knowledge through experiential, innovative and collaborative methods. Listen actively to support suggestions, ideas and comments provided by teachers and students. Guide teachers to utilize data for effective planning and instructional plans	Encourage inclusive and competency based learning. Educationists and experts may be called to develop the learning skills and habits. Implementation of 21st century skills of learning along with the NEP 2020. Practical learning should be encouraged So proper time table should be prepared for full utilization of labs. Celebrate success stories with the larger school community Set high expectations for students and communicate these effectively.	Principal Teachers Parents Mentor coordinators Local administrators	To be completed in quarter II: 1st September, 2021 to 1st November 2021. Review, Reflection and modification: 02nd November to 30th November 2021 Final draft: 1st December 2021 to 15th January 2022 Implementation : 16th January 2022	Quality of learning will be improved and at the same time quantitative result will also improve. School average will also go at a high level if learning is more joyful and stress free. Design innovative ways to engage parents in their child's learning journey. Parents orientation programs organized.

STEP 1	STEP 2	STEP 3		STEP 4	STEP 5
Where are we now as a school?	What do we need to do in the coming year?	How will be achieve what we want to do?	Who is responsible?	What is the time line for implementation?	What will the impact look like?
Actionable 1: Formulate inclusive policies and structures Sensitize teachers, peer group, support staff and the community to the unique needs of diverse group of learners. Actionable 2: Teachers are trained to formulate a school improvement plan with short-term and long – term goals. Actionable 3: Teachers are trained to make a group presentation using resources in school. It will focus on the special educational needs of each category of students and teaching strategies to be adopted to accommodate them. Actionable 4: To identify the slow learners and give them academic support for better performance and to boost their confidence.	Improve teachers knowledge and skills in supporting students with special needs in the teaching learning process. Focus on children facing learning difficulties and utilizing data from learning outcomes of each child to build a student profile. It can support the learning needs of the students to make learning personalized within the classroom. Improve teachers knowledge using DIKSHA, NISHTHA app. Complete competency based education and art integrated teaching.	Provide teachers opportunity to work in teams, share ideas & reflect on best practices. Identify suitable resource persons. Use ICT digital resources and assistive technology to provide experiences to children. It could be effectively employed to make every student learn as per NEP 2020. Use positive behavior and support strategies to address behavioural issues. Teachers regularly review the learning outcomes, instruction to support curricular goals of students. All the teachers in the school undergo training from CBSE to learn behavior and emotional problems of the children which helps to focus on educational needs. Maintain a profile of each student. Case study of each children helps child in additional learning and designing activities to increase participation in class.	Principal, teachers, stakeholders, mentors & coordinators	Final draft 1 st Dec 2021 to 15 th Jan 2022. Implementation: 16 th Jan 2022.	All teachers will be trained in inclusive practices. All teachers get ample opportunities to upgrade their skills and are responsive to the needs of learners. All teachers will be able to identify and experience learning difficulties and how the changes will impact student learning. Enhance engagement and value the achievement of all learners. Teachers will learn to become a conceptual artist who molds knowledge, feelings, thoughts, sensation and experience into an active and activating educational process.

RATING SCALE

Descriptor 1: Engaging	; in teachers' Professional Development					
Actionable	Sub – points in the actionable	1	2	3	4	5
Ascertain the needs	Co-construct mechanisms with faculty, that suit the context of the school, in order to identify				\checkmark	
for professional	their professional needs (e g: co-create rubrics, checklists, rating scales with faculty).					
development through						
collaborative	Use these co-constructed mechanisms on a regular basis.			\checkmark		
practices	Engage in a dialogue with individual teachers to identify individual needs and the way forward.				\checkmark	
	Establish subject-wise committees for feedback on current knowledge and skills of teachers and identify specific teacher's needs.				\checkmark	
	Establish SMART targets for teachers.			\checkmark		
Create opportunities for continuous and comprehensive	Encourage teachers to observe and study effective instructional practices of colleagues in their own school as well as in other schools, where possible.			\checkmark		
professional learning	Organize in-school workshops, training and talks calling experts and also by the school leaders that are based on identified school needs.					\checkmark
	Encourage teachers to enroll for online professional courses for advanced learning.					\checkmark
	Hold teacher seminars where best practices shared across grade levels and subjects.					\checkmark
	Create learning groups within the school, and if possible, with other schools, where teachers discuss and deliver it on educational discourse.			\checkmark		
	Design professional development modules, by using technology solutions, that help teachers shift practice from being teacher centric to student centric.				\checkmark	

Promote reflective thinking and meta	Develop day-to-day ways of working in the school that embed the professional learning and constructivist pedagogy.			\checkmark	
cognitive thinking practices among	Create mechanisms such as checklists, rubrics, reflective journals that encourage teachers to become self-aware of their practice.		\checkmark		
teachers	Encourage with teachers to deconstruct what student-centred learning processes look like in a classroom and a role of a teacher in such a classroom.			\checkmark	
	Challenge teachers to continually examine the extent to which their practices support student learning.		\checkmark		
Empower teachers to	Believe in teachers' ability to seek and provide solutions			\checkmark	
become agents of	Practice distributed leadership to improve overall school systems, processes, and environment.			\checkmark	
change	Create a collaborative culture in the school for teachers to work together.			\checkmark	
	Encourage teachers to identify areas of the school where change could be brought through Action Research.			\checkmark	
	Develop teachers' capacity to undertake Action Research.				

Descriptor 2: Initialing	innovations in the school					
Actionable	Sub – points in the actionable	1	2	3	4	5
Creating a culture of	Build expertise, knowledge and necessary skills of teachers and students.				\checkmark	
innovation	Provide the freedom to explore and the time for ideas to incubate and develop.					
	Allow flexibility and risk – taking with no fear of judgement.				<u> </u>	
	Provide intellectual stimulation by bringing together groups of students and teachers of diverse interests, subject knowledge and skill sets to work together.				\checkmark	
	Promote a growth mindset where failure is seen as a stepping to success.			\checkmark		
	Regularly conduct meetings with teachers, parents and community members to explore ways to seek support for innovations towards enhancing student learning.					\checkmark
Expand the perspectives of	Promote collective responsibility among teachers by encouraging team teaching, shadow teaching etc. for designing innovative pedagogies.			\checkmark		
teachers to	Develop professional learning communities for sharing ideas, best practices, and innovation.					
implement innovative	Encourage and support teachers to try out new ideas.					\checkmark
pedagogies.	Encourage collaboration and set aside time for planning.				\checkmark	
	Lead discussion on alternative practices and their relative merits.			\checkmark		
	Challenge teachers to try innovative pedagogies and provide opportunities to reflect on their experiences.					
	Explore technology platforms, tools, gamifications and applications for enhancing instructional practices such as blended and flipped learning.					

Create opportunities for student learning	Allow for exciting juxtaposition of ideas that if free from rigid subject boundaries.		\checkmark		
and innovation	Encourage inquiry- based learning by building critical thinking and problem – solving approach.			\checkmark	
	Focus on competency building by encouraging applications of concepts, experiential and hands – on learning through innovations.		\checkmark		
	Provide opportunity to work on projects dealing with real world problems through design thinking for innovative solutions.			\checkmark	
	Give voice to student ideas encouraging them to take initiatives at school.				\checkmark
	Widen students' perspectives and horizons by inviting experts for different fields.			\checkmark	
	Encourage students to undertake courses, summer projects in their areas of interest under the guidance of subject specialists.			\checkmark	
	Develop skills and behaviours needed for innovations and encourage self – reliance by providing opportunities like genius hour, coding hour, STEM lab and online/digitalplatforms.			1	

Build teacher	Assist teachers in understanding the importance of student assessment for improving learning.		\checkmark	
competency in using				
data to inform TLP	Focus on assessments for and as learning.			
	Handhold teachers to interpret analyse and use student data effectively to design the next steps		\checkmark	
	of learning and support for students.			
	Collaborate with teachers while interpreting the data on student assessment to design action		\checkmark	
	research programmes.			

Descriptor 3: Leading the	Descriptor 3: Leading the teaching – learning process						
Actionable	Sub – points in the actionable	1	2	3	4	5	
Develop a shared understanding of	Create a common understanding that the purpose of teaching learning is to make students future ready.				\checkmark		
teaching-learning	Dialogue with teachers to deconstruct theories of learning.			\checkmark			
	Encourage teachers to develop what good teaching and learning would look like in the classroom.						
	Co-construct mechanisms, with teachers, that would help evaluate classroom practices.			\checkmark			
Create a conducive environment for	Acknowledge teachers as the leaders of classroom instructional practice that guides student learning.			\checkmark			
learning.	Encourage teachers to plan lessons collaborative.					\checkmark	
	Support teachers to undertake innovative and research based pedagogical practices to improve student learning.					\checkmark	
	Encourage students to reflect on their learning, areas of strength and development.				\checkmark		
	Create a culture that helps students to learn with joy and not fear.						
	Provide adequate resources for students to learn.				\checkmark		
	Encourage teachers to be the facilitators of student learning and creators of productive classroom environments, in which students can develop future- focused skills.				\checkmark		
	Promote learning experiences outside the classroom through experiential learning.					\checkmark	
Encourage teachers to become reflective	Assist teachers to establish their own SMART goals for teaching-learning, with particular focus on developing self-aware learners.			\checkmark			
practitioners	Guide teachers on how to achieve their SMART goals.			\checkmark			
	Undertake regular lesson observations, engage with teachers to reflect on their teaching practice and provide developmental feedback.				\checkmark		
	Provide teachers with opportunities to observe effective instructional practices among colleagues in their own schools as well as in other schools, where ever possible.				\checkmark		
	Demonstrate to teachers what out standing practice looks like by co-teaching with them.						
	Collaborate with different schools, locally, nationally, and globally and plan exchange programs for teachers and students.					\checkmark	

Descriptor 4: Develop	Descriptor 4: Developing a learning culture						
Actionable	Sub – points in the actionable	1	2	3	4	5	
Create the 'social	Engage actively with staff and students, in a fair and transparent manner, to understand individual				\checkmark		
glue' by building a	teachers and students.						
culture of trust and				ļ.,			
colf immuoromont	Practice the habit of 'understand others and seeking to be understood by others'.			V			
self-improvement	Encourage positivity and empathy among stakeholders.						
	Create opportunities for staff and students' wellbeing.				$\overline{\mathbf{v}}$		
	Celebrate success stories with the larger school community.				1		
	Provide a 'psychologically safe' environment where failures (unsuccessful practices) are perceived				•	<u> </u>	
	as learning opportunities.						
	Listen actively to and support suggestions, ideas and comments on school improvement that are						
	provided by teachers and students.						
	Be a role model for teachers and students and demonstrate that a principal is a life-long learner.						
Develop policies	Establish an open – door policy and transparent communication amongst stakeholders.				\checkmark		
and systems that							
support a culture of							
learning by	Formulate policies that establish the school as being safe and secure. These could include policies				\checkmark		
including all	on child protection and safe guarding, health and safety, cyber safety, behavior management etc.						
stakeholders	Establish mechanisms and procedures for effectively implementing the policies. For instance, set up systematic procedures that address concerns and grievances of all stakeholders.				\checkmark		
	Minimize disruptions to classroom instructional time by monitoring the amount of time spent by				\checkmark		
	teachers on non – instructional activities or out of school(official) assignments.						
	Hold students, teachers, and para teachers accountable by being transparent.						
	Regularly invite stakeholders(students, teachers, parents, and SMC members) to discuss on how the				\checkmark		
	vision of the school is being fulfilled through innovative pedagogical and inclusive practices,						
	students achievements and areas of academic concern, if any.						
	Ensure decisions are backed by research and are data driven.				\checkmark		

Keep students at the heart of the learning	Set high expectations for students and communicate these effectively.			\checkmark	
culture	Provide challenging opportunities for students to learn experientially, innovatively, and collaboratively.			\checkmark	
	Encourage students to take responsibility for their own learning, at their own pace and as per their learning styles.			\checkmark	
	Encourage students to use assessments as feedback and as an opportunity to learn.				\checkmark
	Develop students' ability to reflect on their own strengths and areas of development across subjects.				\checkmark
	Inculcate values, gender sensitivity and life skills by embedding these within the learning experiences.				\checkmark
	Develop pre-vocational and vocational skills, art appreciation and physical education through an integrated curriculum.				\checkmark
Encourage teachers to deepen learning.	Encourage teachers to be receptive to new ideas, practice reflective and meta cognitive thinking to improve student learning.			\checkmark	
	Support and build a climate for adopting innovative instructional strategies for effective learning.			\checkmark	
	Establish norms for sharing best practices and innovation in the school that lead to healthy and constructive academic debates.			\checkmark	
	Explore the potential of ICT and online learning platforms, adopt flipped learning, blended learning, use of augmented reality and virtual reality in the classrooms to enrich the learning experience of students.			V	
	Guide teachers to utilize data for effective planning and execution of instructional plans.				\checkmark
Make parents active	Design innovative ways to engage parents in their child's learning journey.			\checkmark	
partners in the	Engage parents to collaborate and participate in various school activities.			\checkmark	
educational journey	Hold workshops and seminars on parenting and other relevant topics.		\checkmark		
of their child	Invite parents to address students on their chosen careers or areas of expertise.			\checkmark	
	Create Parent Groups that work with the school principal on improving and strengthening school systems.			\checkmark	

Descriptor 5: Building an inclusive culture						
Actionable	Sub – points in the actionable	1	2	3	4	5
Create an	Establish shared beliefs of respect and care.					
environment of	Celebrate differences as natural human diversity and treat them as an opportunity to learn.				\checkmark	
acceptance	Promote social interactions among students and with teachers.					
	Scrutinize existing barriers to inclusion and elicit ways of overcoming them by involving students, teachers, parents and the community.					\checkmark
	Sensitize teachers, peer group, support staff and the community to the unique needs of diverse group of learners.					\checkmark
Formulate inclusive policies and	Build knowledge and skill to teach a diverse group of learners through continuous professional development.					\checkmark
structures	Optimum utilization of material and human resources.				\checkmark	
	Enhance engagement and value the achievement of all learners.					\checkmark
	Emphasize group processes and a problem –solving approach.					
	Practice distributed leadership that seeks to empower and inspire participatory decision - making.					\checkmark
adopt inclusive	Provide teachers opportunity to work in teams, share ideas and reflect on best practices.					\checkmark
teaching practices.	Evolve shared expectations for teachers to work together to improve learning outcomes of students.					\checkmark
	Promote improvisation, risk taking and evolve innovative strategies.					\checkmark
	Use inclusive practices like Differentiated Instruction, Universal Design of Learning to provide greater access to curriculum.					\checkmark
	Monitor, track and support children who are at risk of exclusion, marginalization or underachievement.					\checkmark
Support student	Encourage buddy support or peer learning and child- to-child co-operation.				\checkmark	
learning.	Encourage flexible grouping of students during learning.					
	Identify gaps, plan for early intervention and individualize learning.					\checkmark
	Use ICT, digital resources and assistive technology to provide meaningful learning experience to children.					\checkmark
	Use positive behavior and support strategies to address behavior issues.					\checkmark

Descriptor 6: Becoming and begin a 'Self aware' leader					
Actionable	1	2	3	4	5
Know yourself better by using tools like the Johari Window and identifying strengths and areas of development					
Self – assess the personal contribution made to school improvement and student learning by evaluating goals achieved under various descriptors of layer 1 and 2 of the pedagogical leadership framework.				\checkmark	
Take feedback from teachers, students, parents and SMC on their perception of your work, value skills, dispositions across descriptors detailed in layers 1 and 2 of the pedagogical leadership framework.				\checkmark	
Analyze feedback received from stakeholders and map it to the self analysis.				\checkmark	
Develop a Personal Development Plan to enhance yourself as a pedagogical leader.		\checkmark
