

Dear Parents,

Today, when we look back at 2020, it would be an understatement to say that the whole world has changed dramatically over last year. As the world wrestles with the unprecedented implications of the COVID-19 pandemic, we pray and trust that you and your family are well and managing the challenging times with strength and vigor.

The St. Vivekanand Public School leadership has met more frequently than ever before to take control of the situation and strengthen our collective vision to ensure that the Standard and Quality of St. Vivekanand Public School remains uncompromised.

This one hiccup year in the legacy of our school, is just that, a hiccup.

We promise you that we are here to re-imagine school education, even before COVID-19, and build tenacious, robust children, with lifelong learning skills, adaptability, emotional resilience, and combativeness that will stand the test of time.

STAY HOME, STAY SAFE!

Dr Jagdish Sharma
Principal
St Vivekanand Public School Sadabad (Hathras)
